MOORINGS - Do you know that the Queen City Yacht Club has one of the finest mooring facilities on the Great Lakes. Think of the advantages:

- (a) Sheltered from prevailing winds:
- (b) Convenient to Club facilities:
- (c) Low rental:

And you could probably list many more.

But consider, if you will, the disadvantage of new boats coming to the Club, and not having the same privileges. The reason we are making the point is quite serious - There are about 30% of the moorings UNPAID for 1965.

This is a staggering figure when you realize the high operating costs. If you are a businessman you can appreciate - maintenance, hydro, new buildings, rents, taxes and workers' salaries - cannot be paid entirely out of Bar profits.

Therefore to drop the ball in your court - the outstanding mooring bill will have to be paid by SEPTEMBER 1st, 1965, or you will lose your mooring!

JUNIOR CLUB - The Junior Club Presentation Dinner will take place on September 2nd at 7.00 p.m.

* * *

Parents are reminded that children are not to be on Club grounds after 7.30 p.m. This house rule is being ignored by children but will be enforced - Advise your children.

* * *

The Queen City Annual Regatta is held on September 18th, which is 4 short weeks away. The grounds are being tidied for the balance of the season - But the Marine Yard looks pretty shoddy - particularly for the visiting Yachtsmen on Regatta Day.

A Work Party (unpaid) will be formed on Sunday, Sept. 11th - directed by Bobby Norton, to have a general clean-up. The more volunteers, the smaller the work load.

* * *

In case you missed the notation in your M.Y.R.A. program, the C.N.E. Regatta on September 4th will be 2 hours earlier starting due to the air show.
