## COMMODORE'S MESSAGE 1966:

Well, here we are up to our knees in "Operation C.C.Y.C. 1966" and it will be a major one!

Personally, and I believe I can speak for your 1966 Board, I was very pleased with our Annual Meeting on January 21st. The air was cleared on a few points that your directors have been working very hard on since the club closed last October. On the following Tuesday evening the Board convened mainly on the point of interviewing our prospective man for the job of manager, and to turn over records to new board members. A review of the needs for 1966 took until 11 p.m. including the conditions and salary of the manager's position.

I am pleased to introduce to you, by name at the moment, Mr. DAVID EVANS, who will start his duties on March 15th. I trust when you meet him in person, you will be pleased with our choice, and I hope you will give all the assistance possible for him to do a good job for C.C.Y.C.

This is a new venture for our Club and the first year will be in need of a lot of co-operation from all parties. The manager idea was not an overnight thought, it has been the topic of all boards for the last 10 years. So let's give a try, and Dave Evans a lot of encouragement! Incidentally, one of our wits at the meeting wondered should we call him "Colonel". We realize that there will be countless problems this first year, but we have to start sometime, and 1966 is the soonest possible time!

Thank you,

Al Rae, Commodore
